PORTFOLIO OF

STOCK FORMULAS

COSMOLAB

MADE IN BRITAIN

DEDICATED TO DENTAL CARE

CHOOSING A STOCK FORMULA IS THE **QUICKEST ROUTE TO MARKET**

This brochure contains a list of formulas that have completed all relevant challenge and stability testing and are ready to order.

Simply choose the formula that you like and then discuss packaging and order quantities with your account manager.

FAST TO MARKET · 3 STEPS

01

Initial consultation

Your Account Manager walks you through our stock formulas and helps you find the best fit for your brand and market.

02

Artwork & compliance

We guide you through your packaging artwork, making sure it meets every regulatory requirement before it goes to print.

03

Quantities & registration

Once artwork is approved, we agree order quantities and guide you through registering your product ahead of launch.

ENZYME WHITENING TOOTHPASTE

Our Enzyme Whitening Toothpaste has been formulated with advanced stain removal ingredients. It contains an advanced blend of high-cleaning and whitening booster silicas alongside hydroxyapatite and papaya enzyme for a high whitening effect.

- Natural sweetener
- Natural flavour
- Vegan friendly
- SLS free
- Not tested on animals

KEY FEATURES

01 Multi-active enzyme whitening formulation with hydroxyapatite

02 Contains papaya enzyme to help dissolve stains

03 With hydroxyapatite and fluoride to help remineralise teeth

04 Soothing vitamin E which is also an anti-oxidant

05 Gentle foaming by using cocamidopropyl betaine which is derived from coconuts - a milder alternative to sodium lauryl sulphate (SLS)

FORMULA

Flavour	Peppermint
Colour	White
Fluoride	1450ppm F (Sodium Fluoride)
Foaming agent	Cocamidopropyl Betaine

PACKAGING

Minimum order	10,000
Fill size	15ml – 120ml
Tube options	Plastic, Recycled Plastic, Aluminium, ABL, Sugarcane
Cap options	Flip, Screw, Push-on

INGREDIENTS (INCI)

GLYCERIN, AQUA, HYDRATED SILICA, PENTASODIUM TRIPHOSPHATE, CELLULOSE GUM, COCAMIDOPROPYL BETAINE, MENTHA ARVENSIS LEAF OIL, PAPAIN, SODIUM FLUORIDE, STEVIOSIDE, MENTHOL, HYDROXYAPATITE, SODIUM CHLORIDE, MENTHA PIPERITA OIL, TOCOPHERYL ACETATE, CI 77891,LIMONENE

WHITE BOOST TOOTHPASTE

Designed for effective daily whitening, our White Boost Toothpaste contains a special blend of stain prevention and stain removal ingredients that work together to keep teeth looking whiter, day after day.

- Natural flavour
- Vegan friendly
- SLS free
- Not tested on animals

KEY FEATURES

01 Multi-active whitening formulation with an advanced blend of high-cleaning and whitening booster silicas

02 Contains PVP to help prevent stains from sticking to teeth

03 Contains papaya enzyme to help dissolve stains

04 Gentle foaming by using cocamidopropyl betaine which is derived from coconuts - a milder alternative to sodium lauryl sulphate (SLS)

FORMULA

Flavour	Peppermint
Colour	White
Fluoride	1450ppm F (Sodium Fluoride)
Foaming agent	Cocamidopropyl Betaine

PACKAGING

Minimum order	10,000
Fill size	15ml – 120ml
Tube options	Plastic, Recycled Plastic, Aluminium, ABL, Sugarcane
Cap options	Flip, Screw, Push-on

INGREDIENTS (INCI)

GLYCERIN, AQUA, HYDRATED SILICA, PENTASODIUM TRIPHOSPHATE, PVP, CELLULOSE GUM, COCAMIDOPROPYL BETAINE, MENTHA ARVENSIS LEAF OIL, SODIUM FLUORIDE, SODIUM SACCHARIN, PAPAIN, MENTHOL, SODIUM CHLORIDE, CI 77891

WHITE PLUS TOOTHPASTE

White Plus Toothpaste contains an advanced blend of high-cleaning and whitening booster silicas that provide effective stain removal and whitening. This formula uses a gentle foaming ingredient called cocamidopropyl betaine instead of SLS.

- Natural flavour
- Vegan friendly
- SLS free
- Not tested on animals

KEY FEATURES

01 Effective whitening formulation with an advanced blend of high-cleaning and whitening booster silicas

02 Gentle foaming by using cocamidopropyl betaine which is derived from coconuts - a milder alternative to sodium lauryl sulphate (SLS)

FORMULA

Flavour	Peppermint
Colour	White
Fluoride	1450ppm F (Sodium Fluoride)
Foaming agent	Cocamidopropyl Betaine

PACKAGING

Minimum order	10,000
Fill size	15ml – 120ml
Tube options	Plastic, Recycled Plastic, Aluminium, ABL, Sugarcane
Cap options	Flip, Screw, Push-on

INGREDIENTS (INCI)

GLYCERIN, AQUA, HYDRATED SILICA, PENTASODIUM TRIPHOSPHATE, CELLULOSE GUM, COCAMIDOPROPYL BETAINE, MENTHA ARVENSIS LEAF OIL, SODIUM FLUORIDE, SODIUM SACCHARIN, MENTHOL, SODIUM CHLORIDE, CI 77891, LIMONENE

VOLCANIC MINERAL CHARCOAL WHITENING TOOTHPASTE

Volcanic Mineral Whitening Toothpaste is an advanced whitening formulation designed to brighten your smile by up to four shades. Enriched with activated charcoal and perlite, it delivers a deep yet gentle polishing effect, helping to lift surface stains and restore natural whiteness. The formula features cocamidopropyl betaine, a mild, coconut-derived foaming agent that provides a refreshing clean without the harshness of traditional SLS-based toothpastes.

- Natural sweetener
- Natural flavour
- Vegan friendly
- SLS free
- Not tested on animals

KEY FEATURES

01 Whitens teeth by up to 4 shades

02 Intensive whitening formulation with activated charcoal and perlite

03 With hydroxyapatite and fluoride to help remineralise teeth

04 Contains PVP to help prevent stains from sticking to teeth

05 Gentle foaming by using cocamidopropyl betaine which is derived from coconuts - a milder alternative to sodium lauryl sulphate (SLS)

FORMULA

Flavour	Peppermint
Colour	Dark Grey / Black
Fluoride	1450ppm F (Sodium Fluoride)
Foaming agent	Cocamidopropyl Betaine

PACKAGING

Minimum order	10,000
Fill size	15ml – 120ml
Tube options	Plastic, Recycled Plastic, Aluminium, ABL, Sugarcane
Cap options	Flip, Screw, Push-on

INGREDIENTS (INCI)

GLYCERIN, AQUA, HYDRATED SILICA, PENTASODIUM TRIPHOSPHATE, PERLITE, PVP, CELLULOSE GUM, CHARCOAL POWDER, COCAMIDOPROPYL BETAINE, MENTHA ARVENSIS LEAF OIL, SODIUM FLUORIDE, STEVIOSIDE, HYDROXYAPATITE, MENTHOL, SODIUM CHLORIDE, MENTHA PIPERITA OIL, LIMONENE

HYDROXYAPATITE WHITENING TOOTHPASTE

Our premium Hydroxyapatite Whitening Toothpaste uses an advanced combination of whitening and stain removal ingredients to lift surface stains and reveal a brighter smile. It utilises whitening enzymes and has high concentration of biomimetic hydroxyapatite which provides a whitening, remineralising and anti-sensitivity benefit. The dual combination of potassium citrate and hydroxyapatite work synergistically to help reduce and prevent tooth sensitivity.

- Natural sweetener
- Natural flavour
- Vegan friendly
- SLS free
- Not tested on animals

KEY FEATURES

01 Advanced multi-active whitening formulation with papaya and pineapple enzymes

02 Biomimetic hydroxyapatite to help whiten and reduce tooth sensitivity through enamel remineralisation

03 Hydroxyapatite crystals help to create a smooth luster on teeth

04 Contains potassium citrate and hydroxyapatite to help reduce and prevent tooth sensitivity

05 Includes a high concentration of xylitol which inhibits cavity-causing bacteria and boosts saliva production to neutralise acids and protect enamel

06 Natural sweetener and natural flavour made form a blend of peppermint essential oils

07 Gentle foaming by using cocamidopropyl betaine which is derived from coconuts - a milder alternative to sodium lauryl sulphate (SLS)

FORMULA

Flavour	Peppermint
Colour	White
Fluoride	1450ppm F (Sodium Fluoride)
Foaming agent	Cocamidopropyl Betaine

PACKAGING

Minimum order	10,000
Fill size	15ml – 120ml
Tube options	Plastic, Recycled Plastic, Aluminium, ABL, Sugarcane
Cap options	Flip, Screw, Push-on

INGREDIENTS (INCI)

GLYCERIN, AQUA, HYDRATED SILICA, XYLITOL, POTASSIUM CITRATE, HYDROXYAPATITE, PENTASODIUM TRIPHOSPHATE, CELLULOSE GUM, COCAMIDOPROPYL BETAINE, BROMELAIN, MENTHA ARVENSIS LEAF OIL, STEVIOSIDE, SODIUM FLUORIDE, PAPAIN, MENTHOL, SODIUM CHLORIDE, MENTHA PIPERITA OIL, CI 77891, LIMONENE

INTENSIVE WHITENING TOOTHPASTE WITH HYDROXYAPATITE

One of our most effective whitening toothpastes, the Intensive Whitening Toothpaste with Hydroxyapatite uses an advanced combination of whitening and stain prevention ingredients to deliver a deeper whitening clean. It utilises whitening enzymes and has high concentration of biomimetic hydroxyapatite which, in addition to whitening, also helps create a smooth luster on teeth.

- Natural sweetener
- Natural flavour
- Vegan friendly
- SLS free
- Not tested on animals

KEY FEATURES

01 Intensive multi-active whitening formulation which both whitens and prevents new stains forming on teeth

02 Contains papaya enzyme to help issolve stains

03 With hydroxyapatite and fluoride to help remineralise teeth

04 Soothing vitamin E which is also an anti-oxidant

05 Gentle foaming by using cocamidopropyl betaine which is derived from coconuts - a milder alternative to sodium lauryl sulphate (SLS)

FORMULA

Flavour	Peppermint
Colour	White
Fluoride	1450ppm F (Sodium Fluoride)
Foaming agent	Cocamidopropyl Betaine

PACKAGING

Minimum order	10,000
Fill size	15ml – 120ml
Tube options	Plastic, Recycled Plastic, Aluminium, ABL, Sugarcane
Cap options	Flip, Screw, Push-on

INGREDIENTS (INCI)

GLYCERIN, AQUA, HYDRATED SILICA, PENTASODIUM TRIPHOSPHATE, CELLULOSE GUM, COCAMIDOPROPYL BETAINE, MENTHA ARVENSIS LEAF OIL, PAPAIN, SODIUM FLUORIDE, STEVIOSIDE, MENTHOL, HYDROXYAPATITE, SODIUM CHLORIDE, MENTHA PIPERITA OIL, TOCOPHERYL ACETATE, CI 77891, LIMONENE

REMINERALISING WHITENING TOOTHPASTE

This premium whitening and remineralising formulation not only whitens teeth but also helps prevent new stains from forming, combining papaya enzyme to gently dissolve surface stains with biomimetic hydroxyapatite crystals that create a smooth, lustrous finish. With a high concentration of xylitol a natural peppermint essential oil it provides a clean, refreshing flavour. The formula also features innovative glycolipids — a sustainable bio- surfactant that delivers gentle, effective foaming as a modern alternative to conventional detergents like SLS.

- Natural sweetener
- Natural flavour
- Vegan friendly
- SLS free
- Not tested on animals

KEY FEATURES

01 Premium whitening and remineralising formulation which both whitens and prevents new stains forming on teeth

02 Includes papaya enzyme to help dissolve stains on the surface of teeth

03 Biomimetic hydroxyapatite crystals help to create a smooth luster on teeth

04 Includes a high concentration of xylitol which inhibits cavity-causing bacteria and boosts saliva production to neutralize acids and protect enamel

05 Uses an innovative new foaming ingredient called glycolipds which are a type of bio-surfactant used in toothpaste as a sustainable, gentler alternative to conventional chemical detergents like sodium lauryl sulfate (SLS)

FORMULA

Flavour	Peppermint
Colour	White
Fluoride	1450ppm F (Sodium Fluoride)
Foaming agent	Glycolipids

PACKAGING

Minimum order	10,000
Fill size	15ml – 120ml
Tube options	Plastic, Recycled Plastic, Aluminium, ABL, Sugarcane
Cap options	Flip, Screw, Push-on

INGREDIENTS (INCI)

GLYCERIN, AQUA, HYDRATED SILICA, XYLITOL, PENTASODIUM TRIPHOSPHATE, PVP, GLYCOLIPIDS, CELLULOSE GUM, MENTHA ARVENSIS LEAF OIL, SODIUM FLUORIDE, HYDROXYAPATITE, STEVIOSIDE, MENTHOL, PAPAIN, MENTHA PIPERITA OIL, SODIUM BENZOATE, CI 77891, LIMONENE

SENSITIVE WHITENING TOOTHPASTE

Our Sensitive Whitening Toothpaste has been formulated with potassium citrate and hydroxyapatite to help reduce and prevent tooth sensitivity. It also contains an advanced blend of high-cleaning and whitening booster silicas to help remove surface stains.

- Natural sweetener
- Natural flavour
- Vegan friendly
- SLS free
- Not tested on animals

KEY FEATURES

01 Contains potassium citrate and hydroxyapatite to help reduce and prevent tooth sensitivity

02 Gentle whitening formulation with an advanced blend of high-cleaning and whitening booster silicas

03 With fluoride and hydroxyapatite to help remineralise teeth

04 Contains soothing aloe vera and anti-bacterial xylitol

05 Gentle foaming by using cocamidopropyl betaine which is derived from coconuts - a milder alternative to sodium lauryl sulphate (SLS)

FORMULA

Flavour	Peppermint
Colour	White
Fluoride	1450ppm F (Sodium Fluoride)
Foaming agent	Cocamidopropyl Betaine

PACKAGING

Minimum order	10,000
Fill size	15ml – 120ml
Tube options	Plastic, Recycled Plastic, Aluminium, ABL, Sugarcane
Cap options	Flip, Screw, Push-on

INGREDIENTS (INCI)

GLYCERIN, AQUA, HYDRATED SILICA, POTASSIUM CITRATE, PENTASODIUM TRIPHOSPHATE, XYLITOL, CELLULOSE GUM, COCAMIDOPROPYL BETAINE, MENTHA ARVENSIS LEAF OIL, SODIUM FLUORIDE, STEVIOSIDE, MENTHOL, SODIUM CHLORIDE, MENTHA PIPERITA OIL, ALOE BARBADENSIS LEAF POWDER, HYDROXYAPATITE, CI 77891, LIMONENE

HYDROXYAPATITE WHITENING TOOTHPASTE WITH ENGLISH MINT

This fluoride-free whitening toothpaste uses a high concentration of biomimetic micro-hydroxyapatite to whiten and remineralise teeth. The inclusion of calcium carbonate and hydrated silica also work together to remove stains and whiten teeth. It uses an innovative new foaming ingredient which is a more eco-friendly and gentler alternative to traditional foaming ingredients like sodium lauryl sulfate (SLS).

- Natural sweetener
- Natural flavour
- Vegan friendly
- SLS free
- Not tested on animals

KEY FEATURES

01 Multi-active whitening and remineralising formulation with hydroxyapatite

02 Contains calcium carbonate and hydrated silica to help remove stains

03 Natural sweeteners of stevia and anti-bacterial xylitol

04 Natural flavour made form a blend of peppermint essential oils including English peppermint

05 Uses an innovative new foaming ingredient called glycolipds which are a type of bio-surfactant used in toothpaste as a sustainable, gentler alternative to conventional chemical detergents like sodium lauryl sulfate (SLS)

FORMULA

Flavour	English Peppermint
Colour	White
Fluoride	None
Foaming agent	Glycolipids

PACKAGING

Minimum order	10,000
Fill size	15ml – 120ml
Tube options	Plastic, Recycled Plastic, Aluminium, ABL, Sugarcane
Cap options	Flip, Screw, Push-on

INGREDIENTS (INCI)

GLYCERIN, AQUA, HYDRATED SILICA, HYDROXYAPATITE, CALCIUM CARBONATE, GLYCOLIPIDS, XYLITOL, CELLULOSE GUM, STEVIOSIDE, MENTHA ARVENSIS LEAF OIL, MENTHOL, MENTHA PIPERITA OIL, LIMONENE

NANO-HYDROXYAPATITE WHITENING TOOTHPASTE

Our premium Nano-Hydroxyapatite Whitening Toothpaste has been formulated with advanced whitening and stain removal ingredients that gently polish away surface stains for a naturally brighter smile. It uses a high concentration of 10% nano-hydroxyapatite which provides a whitening, remineralising and anti-sensitivity benefit. The additional polishing ingredients of kaolin, perlite, sodium bicarbonate and hydrated silica all work together to gently whiten teeth while leaving them feeling smooth and looking shiny.

- Natural sweetener
- Natural flavour
- Vegan friendly
- SLS free
- Not tested on animals

KEY FEATURES

01 Premium multi-active whitening formulation with kaolin, perlite, sodium bicarbonate and hydrated silica

02 With 10% nano-hydroxyapatite to help whiten and reduce tooth sensitivity through enamel remineralisation

03 Nano-hydroxyapatite crystals help to create a smooth luster on teeth

04 Natural sweetener and natural flavour made form a blend of peppermint essential oils

05 Gentle foaming by using sodium lauroyl sarcosinate - a milder alternative to sodium lauryl sulphate (SLS)

FORMULA

Flavour	Peppermint
Colour	Translucent White
Fluoride	None
Foaming agent	Sodium Lauroyl Sarcosinate

PACKAGING

Minimum order	10,000
Fill size	15ml – 120ml
Tube options	Plastic, Recycled Plastic, Aluminium, ABL, Sugarcane
Cap options	Flip, Screw, Push-on

INGREDIENTS (INCI)

GLYCERIN, HYDRATED SILICA, AQUA, KAOLIN, HYDROXYAPATITE, XANTHAN GUM, SODIUM LAUROYL SARCOSINATE, PERLITE, POTASSIUM CHLORIDE, SODIUM BICARBONATE, MENTHA ARVENSIS LEAF OIL, STEVIOSIDE, CELLULOSE GUM, MENTHOL, MENTHA PIPERITA OIL, ANETHOLE, LIMONENE, LINALOOL

NANO-HYDROXYAPATITE DAILY TOOTHPASTE

Our premium Nano-Hydroxyapatite Daily Toothpaste has been formulated with a high concentration of 10% nano-hydroxyapatite which provides a whitening, remineralising and anti-sensitivity benefit. The addition of calcium carbonate, hydrated silica and sodium bicarbonate make it perfect for daily use and provide a gentle stain removal and whitening effect. Perfect for people with sensitive teeth or for those who want to prevent tooth sensitivity.

- Natural sweetener
- Natural flavour
- Vegan friendly
- SLS free
- Not tested on animals

KEY FEATURES

01 With 10% nano-hydroxyapatite to help whiten and reduce tooth sensitivity through enamel remineralisation

02 Nano-hydroxyapatite crystals help to create a smooth luster on teeth

03 Designed for people with sensitive teeth or for those who want to prevent tooth sensitivity

04 Natural sweetener and natural flavour made form a blend of peppermint essential oils

05 Gentle foaming by using sodium lauroyl sarcosinate - a milder alternative to sodium lauryl sulphate (SLS)

FORMULA

Flavour	Peppermint & Spearmint
Colour	Translucent White
Fluoride	None
Foaming agent	Sodium Lauroyl Sarcosinate

PACKAGING

Minimum order	10,000
Fill size	15ml – 120ml
Tube options	Plastic, Recycled Plastic, Aluminium, ABL, Sugarcane
Cap options	Flip, Screw, Push-on

INGREDIENTS (INCI)

GLYCERIN, AQUA, HYDRATED SILICA, CALCIUM CARBONATE, HYDROXYAPATITE, XANTHAN GUM, SODIUM LAUROYL SARCOSINATE, POTASSIUM CHLORIDE, SODIUM BICARBONATE, STEVIOSIDE, CELLULOSE GUM, MENTHA VIRIDIS LEAF OIL, MENTHA ARVENSIS LEAF OIL, MENTHOL, MENTHA PIPERITA OIL, LIMONENE, LINALOOL

POLISHING TOOTHPASTE

This fluoride-free, multi-active whitening toothpaste features a high-performance cleaning and stain-removal formulation, making it ideal for priming the teeth before using whitening kits or strips. It contains a high concentration of xylitol to inhibit cavity-causing bacteria and boost saliva production, helping to neutralise acids and protect enamel. The formula also uses gentle cocamidopropyl betaine—derived from coconuts—as a mild, SLS-free foaming agent for a comfortable, effective clean.

- Natural sweetener
- Natural flavour
- Vegan friendly
- SLS free
- Not tested on animals

KEY FEATURES

01 Fluoride-free multi-active whitening formula

02 High cleaning and whitening stain removal formulation

03 Perfect for use before using whitening kits or strips as it primes the teeth ready for whitening

04 Includes a high concentration of xylitol which inhibits cavity-causing bacteria and boosts saliva production to neutralize acids and protect enamel

05 Gentle foaming by using cocamidopropyl betaine which is derived from coconuts - a milder alternative to sodium lauryl sulphate (SLS)

FORMULA

Flavour	Peppermint
Colour	White
Fluoride	None
Foaming agent	Cocamidopropyl Betaine

PACKAGING

Minimum order	10,000
Fill size	15ml – 120ml
Tube options	Plastic, Recycled Plastic, Aluminium, ABL, Sugarcane
Cap options	Flip, Screw, Push-on

INGREDIENTS (INCI)

GLYCERIN, AQUA, HYDRATED SILICA, SODIUM BICARBONATE, XYLITOL, CELLULOSE GUM, COCAMIDOPROPYL BETAINE, MENTHA ARVENSIS LEAF OIL, STEVIOSIDE, MENTHOL, HYDROXYAPATITE, SODIUM CHLORIDE, MENTHA PIPERITA OIL, CI 77891, LIMONENE

LIQUID ENAMEL TOOTHPASTE

This advanced formulation contains a high concentration of biomimetic hydroxyapatite to help whiten teeth and reduce sensitivity through enamel remineralisation, with hydroxyapatite crystals creating a smooth, lustrous finish on the tooth surface. Potassium citrate works alongside hydroxyapatite to further reduce and prevent sensitivity, while a high level of xylitol inhibits cavity-causing bacteria and boosts saliva production to neutralise acids and protect enamel. The formula also includes soothing aloe vera, natural sweetener and natural peppermint- essential-oil flavour, and uses an innovative new foaming ingredient which is a more eco-friendly and gentler alternative to traditional foaming ingredients like sodium lauryl sulfate (SLS).

- Natural sweetener
- Natural flavour
- Vegan friendly
- SLS free
- Not tested on animals

KEY FEATURES

01 Contains a high concentration of biomimetic hydroxyapatite to help whiten and reduce tooth sensitivity through enamel remineralisation

02 Hydroxyapatite crystals help to create a smooth luster on teeth

03 Contains potassium citrate and hydroxyapatite to help reduce and prevent tooth sensitivity

04 Includes a high concentration of xylitol which inhibits cavity-causing bacteria and boosts saliva production to neutralize acids and protect enamel

05 With soothing aloe vera

06 Natural sweetener and natural flavour made form a blend of peppermint essential oils

07 Uses an innovative new foaming ingredient called glycolipds which are a type of bio-surfactant used in toothpaste as a sustainable, gentler alternative to conventional chemical detergents like sodium lauryl sulfate (SLS)

FORMULA

Flavour	Peppermint
Colour	White
Fluoride	1450ppm F
Foaming agent	Glycolipids

PACKAGING

Minimum order	10,000
Fill size	15ml – 120ml
Tube options	Plastic, Recycled Plastic, Aluminium, ABL, Sugarcane
Cap options	Flip, Screw, Push-on

INGREDIENTS (INCI)

GLYCERIN, AQUA, HYDRATED SILICA, POTASSIUM CITRATE, HYDROXYAPATITE, GLYCOLIPIDS, CELLULOSE GUM, XYLITOL, MENTHA ARVENSIS LEAF OIL, PROPANEDIOL, STEVIOSIDE, SODIUM FLUORIDE, MENTHOL, SODIUM LAUROYL GLUTAMATE, SORBITAN CAPRYLATE, TETRASODIUM GLUTAMATE DIACETATE, XANTHAN GUM, MENTHA PIPERITA OIL, ALOE BARBADENSIS LEAF EXTRACT, SODIUM BENZOATE, CI 77891, LIMONENE

DAILY TOOTHPASTE

A cost-effective daily toothpaste that is perfect for everyday use, this formula helps to prevent and remove stains. It has a great refreshing flavour and doesn't contain any additional harsh preservatives. The formula features cocamidopropyl betaine, a mild, coconut-derived foaming agent that provides a refreshing clean without the harshness of traditional SLS-based toothpastes.

- Natural flavour
- Vegan friendly
- SLS free
- Not tested on animals

KEY FEATURES

01	A cost-effective formula perfect for an all-round clean that helps prevent stains and freshens breath
02	Suitable for long-term daily use
03	Gentle foaming by using cocamidopropyl betaine which is derived from coconuts - a milder alternative to sodium lauryl sulphate (SLS)

FORMULA

Flavour	Peppermint
Colour	White
Fluoride	1450ppm F (Sodium Fluoride)
Foaming agent	Cocamidopropyl Betaine

PACKAGING

Minimum order	10,000
Fill size	15ml – 120ml
Tube options	Plastic, Recycled Plastic, Aluminium, ABL, Sugarcane
Cap options	Flip, Screw, Push-on

INGREDIENTS (INCI)

GLYCERIN, AQUA, HYDRATED SILICA, CELLULOSE GUM, COCAMIDOPROPYL BETAINE, MENTHA ARVENSIS LEAF OIL, SODIUM FLUORIDE, SODIUM SACCHARIN, MENTHOL, SODIUM CHLORIDE, CI 77891

GUM CARE TOOTHPASTE

This Gum Care Toothpaste is designed to support daily oral hygiene and help maintain healthy gums. Formulated with chlorhexidine, it helps promote a clean oral environment while gently removing plaque. With fluoride and xylitol to help care for teeth and a gentle foaming action from the cocamidopropyl betaine which is a mild, SLS-free foaming agent derived from coconuts.

- Natural sweetener
- Natural flavour
- Vegan friendly
- SLS free
- Not tested on animals

KEY FEATURES

01 Specially formulated with chlorhexidine

02 With fluoride and xylitol

03 Contains soothing aloe vera and vitamin E

04 Gentle foaming by using cocamidopropyl betaine which is derived from coconuts - a milder alternative to sodium lauryl sulphate (SLS)

FORMULA

Flavour	Peppermint
Colour	White
Fluoride	1450ppm F (Sodium Fluoride)
Foaming agent	Cocamidopropyl Betaine

PACKAGING

Minimum order	10,000
Fill size	15ml – 120ml
Tube options	Plastic, Recycled Plastic, Aluminium, ABL, Sugarcane
Cap options	Flip, Screw, Push-on

INGREDIENTS (INCI)

GLYCERIN, AQUA, HYDRATED SILICA, XYLITOL, CELLULOSE GUM, COCAMIDOPROPYL BETAINE, MENTHA ARVENSIS LEAF OIL, STEVIOSIDE, SODIUM FLUORIDE, MENTHOL, SODIUM CHLORIDE, MENTHA PIPERITA OIL, CHLORHEXIDINE DIGLUCONATE, ALOE BARBADENSIS LEAF POWDER, TOCOPHERYL ACETATE, CI 77891

VENEER & COMPOSITE BONDING TOOTHPASTE

Specially developed for patients with veneers, crowns and composite bonding. This gentle formula provides effective cleaning whilst helping to protect restorative surfaces from the micro-scratching that can dull shine and encourage discolouration over time.

- Natural flavour
- Vegan friendly
- SLS free
- Not tested on animals

KEY FEATURES

01 Specially formulated for use on composite bonding, veneers, crowns and other restorative surfaces

02 Polishes gently to help maintain shine and minimise surface scratches

03 Gentle cleaning system designed with restorative surfaces in mind

04 With aloe vera and vitamin E

05 Gentle foaming by using sodium lauroyl sarcosinate, a milder alternative to sodium lauryl sulphate (SLS)

FORMULA

Flavour	Peppermint & Spearmint
Colour	White
Fluoride	1450ppm F (Sodium Fluoride)
Foaming agent	Sodium Lauroyl Sarcosinate

PACKAGING

Minimum order	10,000
Fill size	15ml – 120ml
Tube options	Plastic, Recycled Plastic, Aluminium, ABL, Sugarcane
Cap options	Flip, Screw, Push-on

INGREDIENTS (INCI)

GLYCERIN, AQUA, HYDRATED SILICA, KAOLIN, PERLITE, SODIUM BICARBONATE, SODIUM LAUROYL SARCOSINATE, CELLULOSE GUM, ALOE BARBADENSIS LEAF JUICE, SODIUM FLUORIDE, SODIUM SACCHARIN, MENTHA ARVENSIS LEAF OIL, MENTHA VIRIDIS LEAF OIL, TOCOPHERYL ACETATE, MENTHA PIPERITA OIL, SODIUM BENZOATE, POTASSIUM SORBATE, MENTHOL, CARVONE, LIMONENE, PINENE, CITRIC ACID

KIDS APPLE TOOTHPASTE

This naturally formulated kids toothpaste features a delicious natural apple flavour that makes brushing fun. With fluoride and xylitol to help care for teeth, it's clean formulation is free from unnecessary ingredients and harsh preservatives. Provides a gentle foaming action from the cocamidopropyl betaine which is a mild, SLS-free foaming agent derived from coconuts.

- Natural sweetener
- Natural flavour
- Vegan friendly
- SLS free
- Not tested on animals

KEY FEATURES

01 Contains a delicious natural apple flavour - perfect for kids

02 With fluoride and xylitol

03 Clean formulation without any unnecessarily ingredients and without any harsh preservatives

04 Gentle foaming by using cocamidopropyl betaine which is derived from coconuts - a milder alternative to sodium lauryl sulphate (SLS)

FORMULA

Flavour	Apple
Colour	White
Fluoride	1000ppm F (Sodium Fluoride)
Foaming agent	Cocamidopropyl Betaine

PACKAGING

Minimum order	10,000
Fill size	15ml – 120ml
Tube options	Plastic, Recycled Plastic, Aluminium, ABL, Sugarcane
Cap options	Flip, Screw, Push-on

INGREDIENTS (INCI)

GLYCERIN, AQUA, HYDRATED SILICA, CELLULOSE GUM, AROMA, XYLITOL, STEVIOSIDE, SODIUM FLUORIDE, COCAMIDOPROPYL BETAINE, SODIUM CHLORIDE

KIDS BERRY BURST TOOTHPASTE

Berry burst is a firm favourite with kids with its delicious natural berry flavour. With fluoride and xylitol to help care for teeth and a gentle foaming action from the cocamidopropyl betaine which is a mild, SLS-free foaming agent derived from coconuts.

WHITENING GELS

Hydrogen and carbamide peroxide gels for day and overnight use, plus a PAP whitening kit.

25 6% Hydrogen Peroxide Whitening Gel

26 10% Carbamide Peroxide Whitening Gel

27 16% Carbamide Peroxide Whitening Gel

28 PAP Whitening Kit

COSMOLAB

6% HYDROGEN PEROXIDE WHITENING GEL

A professional whitening gel that lifts stains quickly while caring for enamel. With 5% potassium nitrate to help reduce sensitivity and a fluoride + calcium complex to support remineralisation, the smooth, stay-put gel delivers brighter, glossier teeth in 7–14 days under your dentist's guidance. Stable, comfortable and effective.

Vegan friendly

Not tested on animals

KEY FEATURES

01 For use during the day - wear for up to 60 minutes

02 Effective professional whitening – Brightens by oxidising deep and surface stains

03 Neutral pH – Formulated to be gentle on enamel and gum tissues

04 High water content – Helps maintain tooth hydration and reduces fadeback for longer-lasting results

05 Built-in sensitivity relief – 5% Potassium Nitrate helps calm the nerve response

06 Enamel support – Sodium Fluoride + Calcium Gluconate aid remineralisation

07 Uses pharmaceutical grade thickener to provide a high viscous gel

FORMULA

Flavour	None
Colour	Clear Gel
Wear time	60 Minutes
Fluoride	1000ppm F (Sodium Fluoride)

PACKAGING

Syringe options	Syringe, Biodegradable Syringe - Includes Applicator Tip
Syringe sizes	3ml
Packaging options	Premium Kit Box, Cylinder, Top-Up Boxes

INGREDIENTS (INCI)

AQUA, GLYCERIN, HYDROGEN PEROXIDE, POTASSIUM NITRATE, CARBOMER, TRIETHANOLAMINE, CALCIUM GLUCONATE, SODIUM FLUORIDE, SODIUM HYDROXIDE

10% CARBAMIDE PEROXIDE WHITENING GEL

This gentle 10% carbamide peroxide whitening gel is designed for overnight use, providing a gradual whitening action to lifts stains. Its slow-release formula offers a controlled whitening experience, while 5% potassium nitrate helps to minimise sensitivity for those who may be prone to it. A fluoride and calcium complex supports enamel remineralisation and the smooth, stay-put gel offers a comfortable, consistent and dentist-supervised whitening experience.

Vegan friendly | Not tested on animals

KEY FEATURES

01 Gentle overnight formula

02 Milder strength formulation - ideal for people with sensitivity teeth or those worried about tooth sensitivity

03 Neutral pH – Formulated to be gentle on enamel and gum tissues

04 High water content – Helps maintain tooth hydration and reduces fadeback for longer-lasting results

05 Built-in sensitivity relief – 5% Potassium Nitrate helps calm the nerve response

06 Enamel support – Sodium Fluoride + Calcium Gluconate aid remineralisation

TEETH WHITENING STRIPS

PAP and peroxide whitening strips, in peelable and dissolving formats.

30 PAP Whitening Strips (Peelable)

31 Peroxide Whitening Strips (Peelable)

32 Dissolving PAP Whitening Strips

33 Dissolving Peroxide Whitening Strips (Hydrogen Peroxide)

COSMOLAB

PAP WHITENING STRIPS (PEELABLE)

Our PAP whitening strips offer a gentle, non-peroxide way to brighten teeth, working on surface stains without being harsh on enamel. These dry-style peelable strips are easy to apply and comfortable to wear, staying securely in place with non-slip technology during the 30-minute treatment. They provide a comfortable whitening action which makes them a great choice for regular use or for anyone looking for a softer alternative to traditional peroxide whitening.

- Peroxide free
- Natural flavour
- Vegan friendly
- Not tested on animals

KEY FEATURES

01	PAP whitening technology - peroxide-free whitening gel
02	Dry-style strip with non-slip technology
03	Each sachet contains 1 upper strip and 1 lower strip
04	Easy to apply and use
05	30 minute application time
06	Great mint taste which provides a breath freshening effect

FORMULA

Flavour	Mint
Configuration	2 Strips per Sachet (1 Upper and 1 Lower)

PACKAGING

Packaging options	Card Box, Premium Box, Pouch

INGREDIENTS (INCI)

PVP, PHTHALIMIDOPEROXYCAPROIC ACID, GLYCERIN, ALCOHOL, AQUA, SODIUM POLYACRYLATE, ETHYLCELLULOSE, XYLITOL, XANTHAN GUM, PVM/MA COPOLYMER, C12-15 PARTHER-3, POTASSIUM CITRATE, HYDROXYAPATITE, REBAUDIOSIDE A, SODIUM CITRATE, MENTHOL

PEROXIDE WHITENING STRIPS (PEELABLE)

These 6% hydrogen peroxide whitening strips offer a quick and effective way to whiten teeth using a fast-acting formula that helps lift stains. These drystyle peelable strips are easy to apply and comfortable to wear, staying securely in place with non-slip technology during the 30-minute treatment. Simple and convenient to use, they provide a more cost-effective alternative to whitening gels while still delivering excellent whitening results.

- Natural sweetener
- Natural flavour
- Vegan friendly
- Not tested on animals

KEY FEATURES

01	6% hydrogen peroxide
02	Dry-style strip with non-slip technology
03	Each sachet contains 1 upper strip and 1 lower strip
04	Easy to apply and use
05	30 minute application time
06	Great mint taste which provides a breath freshening effect

FORMULA

Flavour	Mint
Configuration	2 Strips per Sachet (1 Upper and 1 Lower)

PACKAGING

Packaging options	Card Box, Premium Box, Pouch

INGREDIENTS (INCI)

PVP, PEG-8, ACRYLATES COPOLYMER, AQUA, HYDROGEN PEROXIDE, SODIUM SACCHARIN, SODIUM HYDROXIDE

DISSOLVING PAP WHITENING STRIPS

Our PAP dissolving whitening strips offer a gentle, non-peroxide way to brighten teeth, working on surface stains without being harsh on enamel. Because the strips dissolve in the mouth, they're easy to use and mess-free and there's nothing to remove afterwards. They provide a comfortable whitening action which makes them a great choice for regular use or for anyone looking for a softer alternative to traditional peroxide whitening. With added hydroxyapatite which helps replenish minerals in enamel and aids in minimising sensitivity.

- Natural flavour
- Vegan friendly
- Not tested on animals

KEY FEATURES

01 PAP whitening technology - peroxide-free whitening gel

02 Clinically proven whitening formulation - 9 shades whiter after 1 week (28 strips pack)

03 Instantly whiter teeth from the first use

04 Twice as effective as HiSmile whitening strips after seven days

05 Easy to apply and use

06 Dissolves in 10-15 minutes

07 Great mint taste which provides a breath freshening effect

08 Hydroxyapatite helps remineralise teeth and minimises sensitivity

FORMULA

Flavour	Peppermint
Configuration	1 Strip per Sachet

PACKAGING

Packaging options	Card Box, Premium Box, Pouch

INGREDIENTS (INCI)

PVP, PULLULAN, CYCLODEXTRIN, GLYCERIN, HYDROXYAPATITE, PECTIN, WATER, AROMA (MENTHA PIPERITA OIL), PENTASODIUM TRIPHOSPHATE, SODIUM HEXAMETAPHOSPHATE, POLYSORBATE 80, PHTHALIMIDOPEROXYCAPROIC ACID, SUCRALOSE, LIMONENE, LINALOOL, CARVONE

DISSOLVING PEROXIDE WHITENING STRIPS (HYDROGEN PEROXIDE)

Our dissolving peroxide whitening strips with hydroxyapatite offer a simple, clinically effective way to achieve a brighter smile. Using an advanced fast dissolving delivery system, these strips release professional-grade hydrogen peroxide directly onto the tooth surface to break down stains. They are easy to use, comfortable to wear and have a refreshing mint flavour. Available as 3%, 6% and 8% hydrogen peroxide.

- Natural flavour
- Vegan friendly
- Not tested on animals

KEY FEATURES

01 Dissolves completely in less than 10–15 minutes, leaving no residue and no removal step needed

02 Low-sensitivity formula, combining peroxide with Hydroxyapatite.

03 Faster whitening vs leading non-dissolving strips

04 Convenient for on-the-go use, apply, and continue with your daily routine

05 Pleasant flavour release for improved user experience

06 Less plastic waste than traditional non-dissolving strips

07 Available as 3%, 6% and 8% hydrogen peroxide

BREATH FRESHENING PEARLS

Bite-to-release mint pearls in a plant-based shell, for fresh breath on the go.

35 Breath Freshening Pearls

BIOLAB

BREATH FRESHENING PEARLS

Our breath freshening pearls deliver an instant burst of freshness. Each pearl contains a natural peppermint oil sealed inside a plant-based carrageenan shell.

Simply pop a pearl in your mouth and bite - the shell releases a cool, sweet mint flavour for fresh breath on the go. Sugar-free and free from the 14 major allergens, the pearls are a convenient, discreet alternative to mints and breath sprays.

- Natural flavour
- Vegan friendly
- Not tested on animals

KEY FEATURES

01 Instant burst of freshness - the pearl releases its mint oil the moment it is bitten

02 CosmoLab signature sweet mint oil with natural peppermint oil and menthol

03 Plant-based shell made from carrageenan (derived from seaweed) - no gelatine

04 Sugar-free - sweetened with sucralose (<0.1g sugars per 100g)

05 Free from the 14 major allergens, made on an allergen-free site

06 Small, discreet 6mm - 7.5mm spheres in an eye-catching turquoise colour

FORMULA

Flavour	Sweet Peppermint
Colour	Turquoise
Format	Soft Gel Spheres (Pearls)
Pearl size	6mm – 7.5mm
Sweetener	Sucralose (sugar-free)
Allergens	None of the 14 major allergens present

PACKAGING

Minimum order	5,000 packs
Fill size	20 – 30 pearls (suggested)
Packaging options	Slide Tin, Flip-Top Dispenser

INGREDIENTS

SUNFLOWER OIL, PEPPERMINT OIL, CARRAGEENAN, MENTHOL, *SUCRALOSE (SWEETENER), SORBITOL (E420), AQUA, POTASSIUM SORBATE (PRESERVATIVE), POTASSIUM CHLORIDE (ACIDITY REGULATOR), FOOD COLOUR (E131)

CHEWABLE MOUTHWASH TABLETS (FLUORIDE)

Our chewable mouthwash tablets are an innovative, eco-friendly alternative to traditional liquid mouthwash. Each tablet delivers the perfect single dose - simply place one in your mouth, chew, and swish for up to 30-60 seconds as it transforms into a refreshing mouthwash. Use just like a regular rinse, then spit out after use.

Designed to offer all the benefits of conventional mouthwash while drastically reducing water content and eliminating plastic packaging, these tablets are also alcohol-free for a gentler experience.

Our formulation combines green tea extract and sodium bicarbonate to help freshen breath, while natural peppermint oils provide an instant burst of cool freshness. Added fluoride and xylitol work together to help protect against tooth decay and deliver antibacterial action for a cleaner, healthier mouth.

Tablet diameter	9mm
Tablet weight	400mg

PACKAGING

Minimum order	160,000 - 260,000 Individual Tablets
Packaging options	Tin, Jar, Pouch, Bulk

INGREDIENTS (INCI)

ISOMALT, SODIUM BICARBONATE, SODIUM COCO-SULFATE, XYLITOL, YEAST, MICROCRYSTALLINE CELLULOSE, ACACIA SENEGAL GUM, MENTHA ARVENSIS LEAF OIL, STEVIOSIDE, MAGNESIUM STEARATE, MENTHOL, MENTHA PIPERITA OIL, SODIUM MONOFLUOROPHOSPHATE, CAMELLIA SINENSIS LEAF EXTRACT, SILICA, LIMONENE

KIDS STRAWBERRY TOOTHPASTE TABLETS (FLUORIDE)

This eco-friendly toothpaste tablet is specially designed for younger kids, offering a fun and sustainable alternative to traditional toothpaste. It contains 1000ppm fluoride and biomimetic hydroxyapatite to help strengthen and remineralise enamel, providing effective protection against cavities. With a delicious natural strawberry flavour, it's perfectly suited to younger taste buds and makes brushing an enjoyable part of their daily routine. The gentle foaming action feels just like regular kids' toothpaste, providing a familiar, creamy texture while helping to reduce plastic waste and promote eco-friendly oral care habits.

- Natural sweetener
- Natural flavour
- Vegan friendly
- Not tested on animals

KEY FEATURES

01 Natural strawberry flavour which is perfect for younger kids

02 Includes xylitol which inhibits cavity-causing bacteria and boosts saliva production to neutralize acids and protect enamel

03 Gentle foaming that is similar to traditional kids toothpaste

04 Eco-friendly toothbrush option - removes or reduces the use of plastic

05 Save on water - just pop a tab in your mouth and start brushing

06 Perfect for subscription businesses

07 A great option for when travelling

FORMULA

Flavour	Strawberry
Colour	White
Fluoride	1000ppm F (Sodium Monofluorophosphate)
Foaming agent	Sodium Coco-Sulfate
Tablet diameter	9mm
Tablet weight	340mg

PACKAGING

Minimum order	160,000 - 260,000 Individual Tablets
Packaging options	Tin, Jar, Pouch, Bulk

INGREDIENTS (INCI)

ISOMALT, CALCIUM CARBONATE, ACACIA SENEGAL GUM, MICROCRYSTALLINE CELLULOSE, HYDRATED SILICA, MAGNESIUM STEARATE, REBAUDIOSIDE A, HYDROXYAPATITE, SODIUM MONOFLUOROPHOSPHATE, SODIUM COCO-SULFATE, XYLITOL, AROMA

KIDS BUTTERMINT TOOTHPASTE TABLETS (FLUORIDE)

This eco-friendly toothpaste tablet is specially designed for kids, offering a fun and sustainable alternative to traditional toothpaste. It contains 1000ppm fluoride and biomimetic hydroxyapatite to help strengthen and remineralise enamel, providing effective protection against cavities. Xylitol further supports oral health by inhibiting cavity-causing bacteria and boosting saliva production to neutralise acids. The natural, mild peppermint flavour is softer and creamier than regular mint — perfect for younger taste buds — while the gentle foaming action recreates the feel of a traditional kids' toothpaste, making brushing both enjoyable and familiar, all while helping to reduce plastic waste.

- Natural flavour
- Vegan friendly
- Not tested on animals

KEY FEATURES

01 Natural mild peppermint oil which is much softer and creamier than traditional mint - perfect for kids

02 Contains biomimetic hydroxyapatite and fluoride

03 Includes xylitol which inhibits cavity-causing bacteria and boosts saliva production to neutralize acids and protect enamel

04 Gentle foaming that is similar to traditional kids toothpaste

05 Eco-friendly toothbrush option - removes or reduces the use of plastic

06 Save on water - just pop a tab in your mouth and start brushing

07 Perfect for subscription businesses

08 A great option for when travelling

BIOLAB

WHITENING MOUTHWASH

This premium whitening and remineralising mouthwash helps prevent new stains from forming on teeth, using biomimetic hydroxyapatite to make teeth feel smooth and glossy.. It also contains xylitol to help inhibit cavity-causing bacteria, along with antioxidant vitamin E. The alcohol-free formula is finished with a refreshing blend of natural peppermint essential oils, giving it a great-tasting crisp flavour that leaves your mouth feeling clean and refreshed.

- Natural flavour
- Vegan friendly
- SLS free
- Not tested on animals

KEY FEATURES

01 Premium whitening and remineralising mouthwash formulation which helps prevents new stains forming on teeth

02 Biomimetic hydroxyapatite crystals help to create a smooth luster on teeth

03 Includes a high concentration of xylitol which inhibits cavity-causing bacteria and boosts saliva production to neutralize acids and protect enamel

04 With soothing vitamin E

05 Alcohol-free formulation

FORMULA

Flavour	Peppermint Blend
Colour	Clear / Translucent White
Fluoride	225ppm F (Sodium Fluoride)

PACKAGING

Minimum order	10,000
Fill size	15ml – 500ml
Tube options	Plastic, Recycled Plastic, Aluminium

INGREDIENTS (INCI)

AQUA, GLYCERIN, XYLITOL, PVP, BENZYL ALCOHOL, DISODIUM PHOSPHATE, SODIUM PHOSPHATE, AROMA, PEG-40 HYDROGENATED CASTOR OIL, POLYSORBATE 20, HYDROXYAPATITE, TRIETHYLENE GLYCOL, CETYLPYRIDINIUM CHLORIDE, SODIUM FLUORIDE, SODIUM SACCHARIN, TOCOPHERYL ACETATE, POTASSIUM HYDROXIDE

EVERYDAY MOUTHWASH

This everyday fluoride mouthwash combines cetylpyridinium chloride (CPC), a broad-spectrum antimicrobial that helps reduce dental plaque and gingivitis, with sodium fluoride to help strengthen enamel and protect against cavities. Antioxidant vitamin E helps protect oral tissues, and the alcohol-free formula is finished with a refreshing blend of natural peppermint oils and menthol, giving it a crisp, cooling flavour that leaves your mouth feeling clean and fresh.

- Natural flavour
- Vegan friendly
- SLS free
- Not tested on animals

KEY FEATURES

01 Everyday fluoride mouthwash for daily plaque control and cavity protection

02 Contains cetylpyridinium chloride (CPC), a broad-spectrum antimicrobial that helps reduce plaque and gingivitis

03 Sodium fluoride helps prevent cavities by promoting remineralisation and inhibiting demineralisation of tooth enamel

04 Natural peppermint oils for a cooling sensation and fresh breath

05 With antioxidant vitamin E

06 Alcohol-free formulation

FORMULA

Flavour	Peppermint Blend
Colour	Clear
Fluoride	225ppm F (Sodium Fluoride)

PACKAGING

Minimum order	10,000
Fill size	15ml – 500ml
Bottle options	Plastic, Recycled Plastic, Aluminium

INGREDIENTS (INCI)

AQUA, GLYCERIN, SODIUM PHOSPHATE, DISODIUM PHOSPHATE, PEG-40 HYDROGENATED CASTOR OIL, POLYSORBATE 20, MENTHA ARVENSIS LEAF OIL, METHYLPARABEN, XANTHAN GUM, MENTHOL, SODIUM SACCHARIN, MENTHA PIPERITA OIL, CETYLPYRIDINIUM CHLORIDE, SODIUM FLUORIDE, TOCOPHERYL ACETATE, ANETHOLE

FRESH BREATH MOUTHWASH

This long-lasting fresh breath mouthwash targets the cause of bad breath, not just the symptoms. It contains stabilised chlorine dioxide (sodium chlorite), which reduces the volatile sulphur compounds (VSCs) responsible for bad breath and offers antimicrobial activity against oral pathogens, supporting a 12-hour fresh breath claim. Cetylpyridinium chloride (CPC) helps reduce dental plaque and gingivitis, sodium fluoride helps strengthen enamel and protect against cavities and antioxidant vitamin E helps protect oral tissues. The alcohol-free formula is finished with natural peppermint oils, menthol and menthyl lactate for a long-lasting cooling sensation that leaves your mouth feeling clean and fresh.

- Natural flavour
- Vegan friendly
- SLS free
- Not tested on animals

KEY FEATURES

01 Long-lasting fresh breath mouthwash with a 12-hour fresh breath claim

02 Stabilised chlorine dioxide reduces the volatile sulphur compounds (VSCs) that cause bad breath

03 Contains cetylpyridinium chloride (CPC), a broad-spectrum antimicrobial that helps reduce plaque and gingivitis

04 Sodium fluoride helps prevent cavities by promoting remineralisation and inhibiting demineralisation of tooth enamel

05 Menthol and menthyl lactate for a long-lasting cooling sensation

06 With antioxidant vitamin E

07 Alcohol-free formulation

FORMULA

Flavour	Peppermint Blend
Colour	Clear
Fluoride	225ppm F (Sodium Fluoride)

Minimum order	10,000
Fill size	15ml – 500ml
Bottle options	Plastic, Recycled Plastic, Aluminium

INGREDIENTS (INCI)

AQUA, GLYCERIN, SODIUM PHOSPHATE, DISODIUM PHOSPHATE, PEG-40 HYDROGENATED CASTOR OIL, POLYSORBATE 20, MENTHA ARVENSIS LEAF OIL, SODIUM CHLORITE, METHYLPARABEN, XANTHAN GUM, MENTHOL, SODIUM SACCHARIN, MENTHA PIPERITA OIL, CETYLPYRIDINIUM CHLORIDE, SODIUM FLUORIDE, MENTHYL LACTATE, TOCOPHERYL ACETATE, ANETHOLE

GUM DEFENCE MOUTHWASH

This advanced gum care mouthwash combines a postbiotic active complex, which helps balance the oral microbiome and support gum health, with cetylpyridinium chloride (CPC), a broad-spectrum antimicrobial that helps reduce plaque and gingivitis. Sodium fluoride strengthens enamel against cavities and vitamin E helps protect oral tissues. The alcohol-free formula is finished with natural peppermint and eucalyptus oils and menthol for a clean, fresh feel.

- Natural flavour
- Vegan friendly
- SLS free
- Not tested on animals

KEY FEATURES

01 Gum defence mouthwash with a postbiotic active to support oral microbiome balance and gum health

02 Contains cetylpyridinium chloride (CPC), a broad-spectrum antimicrobial that helps reduce plaque and gingivitis

SERUMS

Targeted treatment for sensitive teeth.

65 Sensitivity Serum

MADE IN BRITAIN
DEDICATED TO DENTAL CARE

CIOSLAB

SENSITIVITY SERUM

This market-leading sensitivity serum combines a high concentration of hydroxyapatite and potassium citrate to help desensitise teeth by blocking dentinal tubules and reducing the sensation of sensitivity. Fluoride works alongside hydroxyapatite to support remineralisation, while calcium, vitamin E and a high level of antibacterial xylitol enhance overall oral protection. This professional grade serum is designed to be applied to a mouth tray and worn for 5–10 minutes, or used directly on individual teeth for targeted relief. It is ideal for use before, during and after professional teeth whitening.

- Natural flavour
- Vegan friendly
- SLS free
- Not tested on animals

KEY FEATURES

01 Contains a high concentration of hydroxyapatite and potassium citrate to desensitise teeth and block dentinal tubules to prevent the sensation of sensitivity

02 Fluoride works in combination with hydroxyapatite to remineralise teeth

03 With calcium and vitamin E and a high concentration of anti-bacterial xylitol

04 Flavoured with a blend of premium natural peppermint essential oils

05 Ideal for use before, during and after professional teeth whitening

FORMULA

Flavour	Peppermint
Colour	White
Fluoride	1450ppm F (Sodium Fluoride)

PACKAGING

Syringe options	Syringe, Biodegradable Syringe
Syringe sizes	3ml, 5ml and 10ml

TRAY / ALIGNER CLEANERS

Cleaning for trays, aligners and retainers.

67 Tray / Aligner Cleaner

CIOSMILAB

MADE IN BRITAIN

DEDICATED TO DENTAL CARE

TRAY / ALIGNER CLEANER

Gentle yet effective, this formula is fully compatible with thermoplastic aligner and whitening tray materials, cleaning thoroughly without scratching or clouding the surface - preserving both clarity and fit - while also neutralising the odours caused by bacterial activity to keep trays fresh and pleasant to wear.

Also suitable for use on other dental devices including aligners, retainers, gum shields and splints.

KEY FEATURES

01 Designed to clean without scratching or clouding the tray material (typically thermoplastic), preserving clarity and fit

02 Neutralises bad smells caused by bacterial activity, keeping trays smelling fresh

03 Formulated to be compatible with aligner and whitening tray materials, avoiding degradation of the plastic

04 Leaves no taste or chemical residue that could be noticeable during wear or affect the oral environment

05 Mint flavoured

FORMULA

Flavour	Peppermint
Colour	Clear

PACKAGING

Minimum order	3000
Fill size	50ml – 100ml
Packaging options	Plastic Spray Bottle
